

Fundraising Made Simple

Return-It Express makes it easier than ever to raise money for your organization—with no sorting, counting, or door-to-door collecting.

Now, supporters can donate their container refunds directly through the Return-It app, no need to share your phone number or mail printed labels.

Here's how it works:

1. Supporters sign in to the Return-It app with their own account.
2. They can search and choose your organization to set auto donations.
3. They drop off their containers as usual—we sort, count, and credit the donations back to your account.

IMPORTANT UPDATE

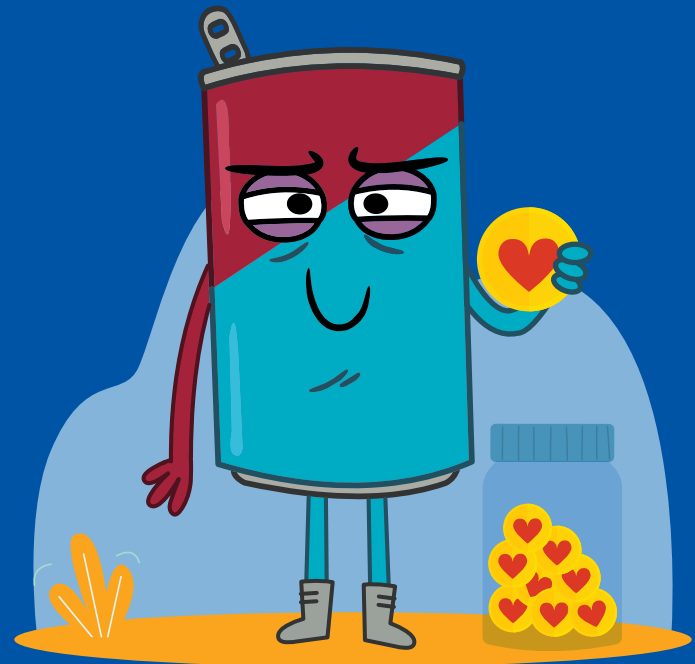

With the new Return-It app, phone numbers are no longer needed for making donations.

Supporters can now donate through their own Express accounts using one-time or automatic donation settings. Learn more at returnit.ca/donations

How Fundraising With Express Works

1. Sign Up Your Organization

Create a free Express account at return-it.ca/express

2. Share Your Referral Link

In the app, you'll find a custom referral link to help supporters set up automatic donations to your group through their own Express accounts. Learn more at returnit.ca/donations

3. Supporters Drop Off Their Containers

Your supporters bring unsorted containers in clear or transparent plastic bags to an Express location.

4. Let Us Do the Rest

We'll sort their containers and credit your Express account.

New Ways to Donate

It's never been easier for people to support your fundraising campaign:

One-Time Donations

Supporters can donate their deposit refund balance directly to your organization from the Return-It app—no phone number or labels needed.

Automatic Donations

Supporters can set your group as their default donation recipient. Every future bag drop will go to your organization automatically until they change it.

Users can change their donation preferences any time within the app.

See Who's Supporting You

In the app, you can view your donation history – track who donated to your cause, when, and how much, to better understand your supporter base.
